

Internet Explorer Adobe Flash Player Update Instructions

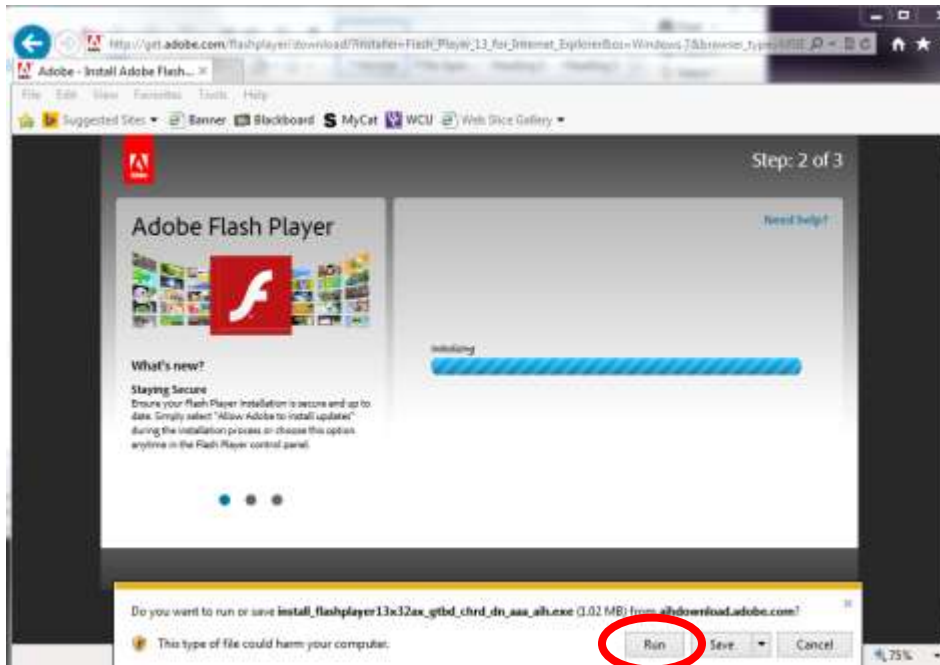

- Open Internet Explorer
- Copy and paste this link into Internet Explorer's address bar:
 - <http://get.adobe.com/flashplayer>
- The following webpage should appear.

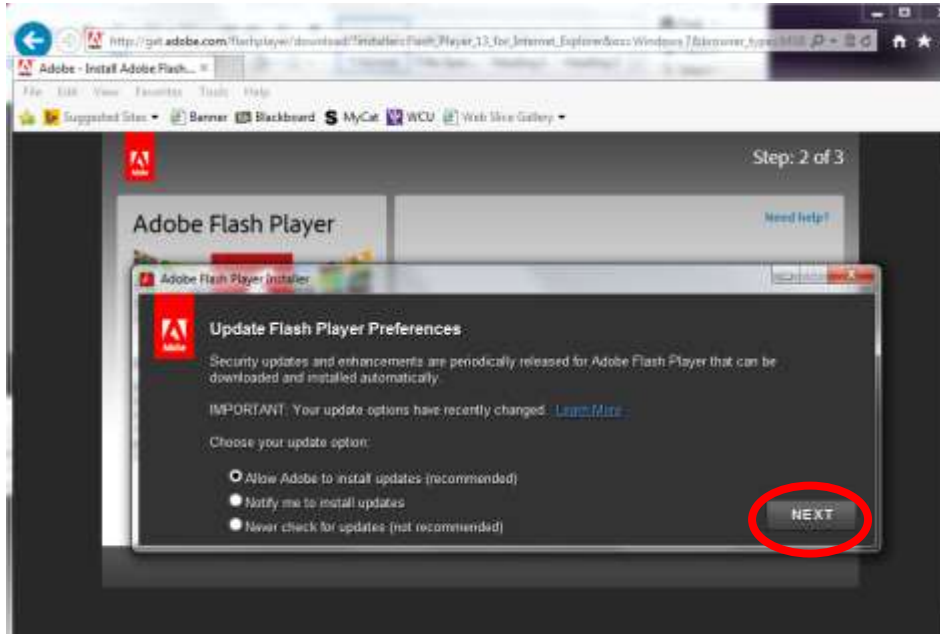

- Follow the screen shots below to update your Adobe Flash Player.
- Remove the checkmark under 'Optional offer' to install Google Chrome or McAfee (whichever one is listed). Then click 'Install Now'.
 - If prompted to enter a username and password to complete installation. Please stop and call the IT Help Desk @ 227-7487.

- Select 'Run' to start the installation.

- Click 'Next'.

- Click 'Finish' and then close all Internet Explorer windows and re-open the web browser.
